How to reset pixi alcatel one touch

alcatel One Touch Pixi If your smartphone alcatel One Touch Pixi it works very slow, it hangs, you want to bypass screen lock, or you have a full memory, and you want to erase everything, or you want to sell it or give it away and you want nobody to be able to access your files and passwords you can do a factory reset so that it returns to be like the first day. In the following steps we explain how to format the alcatel One Touch Pixi to erase all your information and make it totally clean as it came out of the store. Before doing a factory reset we recommend you delete all the accounts on the device, specifically it is useful to unlink the Google account if you are going to sell, donate or give away your One Touch Pixi. In this way we will avoid problems for the new user since some More modern devices include a functionality called FRP or Factory Reset Protection that requests the same Google account with which the alcatel One Touch Pixi was initially configured when factory restoring a device. You must bear in mind that a reset or return to the factory state in a mobile/cell phone deletes all its content, so you must make a backup of your data before doing it if you do not want to lose everything.In case you do not want to erase the data from the device, you can try to restart the alcatel One Touch Pixi. There are two ways to do a reset on an alcatel One Touch Pixi one through the mobile options and another more complete from the recovery mode. If you want to make a reset using the device options to return to the factory state an alcatel One Touch Pixi you have to follow these simple steps: Estimated time: 5 minutes. 1- First step: Access the settings menu of your device alcatel One Touch Pixi, this is the cogwheel icon. 2- Second step: Scroll down the alcatel One Touch Pixi settings to the bottom where you will see the section called "System", click to continue. 3- Third step: If you see a section called "Advanced" click to display the advanced options of the alcatel One Touch Pixi. 4- Fourth step: Click on "Reset options" from this section it will allow us to restore network options, applications or reset the alcatel One Touch Pixi completely. 5- Fifth step: Click on the last option called "Erase all data (factory reset)" or simply "Factory data reset". 6- Sixth step: A first confirmation message will appear reminding you that all your data will be deleted from this device, the data you have uploaded to Google, Facebook, Twitter, Instagram or backup copies that you have in the cloud, such as Google Drive, Dropbox or One Drive, will not be deleted. Press "Reset phone". 7- Seventh step: A second confirmation message will appear indicating that all information stored on the alcatel One Touch Pixi and all downloaded applications will be erased and reminding that this action cannot be undone. If you agree, click on "Erase Everything". 8- Eighth step: If necessary, draw the screen unlock pattern or enter the screen unlock password or PIN to continue. 9- Ninth step: Your device One Touch Pixi from alcatel it will restart and take several minutes to start while restoring the device to its factory state and optimizing the applications pre-installed in the operative system Android 2.3 (Gingerbread). Users rating on reset an alcatel One Touch Pixi 4.39 / 10 (98 votes) Home » Alcatel OneTouch Pixi First Hard Reset,Factory Reset, Secret CodesYou can Alcatel OneTouch Pixi First Hard Reset or Factory Reset for free of cost.
